SIR

I have the honour to inform you that an Aided Sanskrit School has been maintained at Malur. Of late chiefly on account of plague the school has had no pupils that learn Sanskrit alone. The only pupils the Adhyapaka of the Sanskrit School has are boys of the Anglo-Vernacular School. Under these circumstances I beg to recommend that he may be appointed as an Assistant Master of the Malur Anglo-Vernacular School on Rs 10/- a month the amount of grant now paid to him. He will teach both Sanskrit and Kannada

Kannada in the Anglo-Vernacular School
This appointment will encourage the
study of Sanskrit in the Anglo-Vernacular
School-

Sir,

With reference to your docket No 2024-54-2 Ed dated the 8th September calling for information on certain points about the Aided Sanskrit School at Nalur, I have the honour to state that a grant of Rs 10 was sanctioned for the School by Government Order No 43-7 X dated the 24th July 1888 and though the exact number of pupils it had at the time the grant was sanctioned cannot now be ascertained, I believe it had about 30 pupils in its rolls, since its attendance was 37 in 1890-91 and 42 in 1891-92.

As regards the question how plague could affect the attendance in this School alone when there is no such complaint about the Anglo-Vernacular School

Effect the three schools was sent with the Schedule

Plague affected the attendance of the latter school also, the number of pupils having fallen from 151 in 1902–03 to 110 in 1903-04, but it is found that Sanskrit schools which are generally attended by poor Vaidika Brahmins suffer most during the times of Plague. There are other causes also for the fall in the attendance of Sanskrit schools such as the growing reluctance to study Sanskrit alone on the part of young boys. There are 14 boys learning Sanskrit in the AV School at present and it is expected that a few more boys may take Sanskrit hereafter.

I have the honour to be,

SIR,

With reference to your docket No 4567-59-4 Ed dated the 29th ultimo asking for information on certain points in connection with my proposal to stop the grant of the Aided Sanskrit School at Malur and to attach the Adhyapaka to the Anglo-Vernacular School in that place, I have the honour to forward a statement showing (1) the number of classes of the Anglo-Vernacular School and the number of pupils in each class in November 1904 and (2) the names of teachers with their qualifications.

2 As regards the necessity for strengthening the teaching staff, I beg to point out that in every Anglo-Vernacular or Vernacular School, where Sanskrit is taught, there is a teacher appointed to teach Sanskrit to the pupils of the

several classes and no such provision exists in the Anglo-Vernacular School, Malwa though there are about 14 pupils learning the language These 14 pupils are taught by the Adhyaksha of the Aided School and practically the Adhyaksha works in the Anglo-Vernacular School having no other boys to teach I have therefore proposed as the best arrangement under the circumstances to bring the Adhyaksha on the Establishment of the Anglo-Vernacular School.

3 As regards query (4) I beg to state that there are no teachers in the School who know Sanskrit well enough to be able to teach or who can teach Sanskrit in addition to their own subjects

4 Lastly with reference to query (5) I beg to state that as the teaching of Sanskrit adds to the number of subjects taught in the School, it will not be possible to provide for its teaching by substitution of one teacher for another, as the present number of hands employed in the School have full work.

I have the honour to be,
Sir,
